

**POSITIVE ACTION PLAN**

---

The Bangor School Department is committed to maintaining a cadre of highly skilled professionals trained in dropout prevention techniques and procedures and contributing its efforts to establish a network of services to serve the needs of dropout students.

It is the policy of the Bangor School Department that a variety of means will be utilized to either retain potential dropouts and bring back current dropouts into the main stream of society or to help dropouts to make the transition from school life to successful life in the larger society.
