

## Art Standards 6-8

### Standard (Grade 6)

Students use Elements of Art to create original art works that demonstrate different styles in paintings, three-dimensional objects, drawings from imagination and real life, and a variety of other media and visual art forms.

Students compare and create products of visual arts to understand history and/or world cultures.

Students demonstrate good art studio habits and interpersonal skills as it pertains to success in the arts.

### Standard (Grade 7)

Students explain and compare different purposes of artists and their artwork, in the context of time and place.

Students compare Principles of Design including Balance, Contrast, Emphasis, Movement, Pattern, Rhythm, and Unity both within an art work and among art works, as well as create using the Principles in their own artwork.

Students create art works that communicate an individual point of view.

### Standard (Grade 8)

Students explain the effects of media and their associated tools, techniques, and processes, using Elements, Principles, and expressive qualities in art forms and genres.

Students choose suitable media, tools, techniques, and processes to create original art works.

Students understand the impact of artistic and career choices on self, others, and the natural and man-made environment.
