

LOCAL PURCHASING

The Bangor School Department shall not purchase supplies, equipment, or contractual services from any member of the Bangor School Committee, member of the Bangor City Council, or from any employee of the Bangor School Department, or from a person or corporation in which members of the Committee, Council, or an employee has a significant financial interest, unless prices are secured from competing vendors, to ensure that the price paid is the lowest possible, given similar quality characteristics of the items being compared. All purchases shall be consistent with the standard purchasing procedures of the Bangor School Department.

Whenever purchases are made from a person or corporation in which a Committee or Council member or employee has a significant financial interest, that interest shall be disclosed to the Director of Business Services, who shall maintain a written record of such interest.
