

CONTRACTS AND AGREEMENTS

The Superintendent of Schools or designee is authorized to execute all contracts and agreements for the procurement of goods and services on behalf of the Bangor School Department provided that such contracts or agreements are consistent with the approved budget and policies of the Committee. However, the Superintendent is encouraged to request specific approval by the Committee for any contract which, in the judgment of the Superintendent, may be problematic.

Contracts which exceed the term of the approved budget shall be executed by the Superintendent only upon the specific authorization of the Committee.
