

April 3, 2020

Dear Bangor Families,

As we finish the 3rd quarter of the school year and move into the 4th quarter, I want to keep you updated on the changes to your child's report card. The change is necessary to better capture the academic learning of your child during the remote learning time and "do no harm" approach during this unprecedented time in education. The table below provides you with the performance level and the descriptor found in each level.

Performance Level	Descriptor
Pass with Distinction (PD)	The student's work demonstrates a thorough understanding of the concepts, skills, and knowledge within the specific content area. The student's work shows a preponderance of evidence working above grade level.
Pass (P)	The student's work demonstrates an adequate understanding of the concepts, skills, and knowledge within the specific content area. The student's work shows a preponderance of evidence working at grade level.
Developing (D)	The student's work demonstrates growth in the understanding of the concepts, skills, and knowledge within the specific content area. The student's work shows a preponderance of evidence of showing growth moving towards grade level.
Incomplete (I)	The student's work was not completed at this time. All students' will have the ability to complete the work and will work with their classroom teacher.
Not Applicable (N/A)	Does not apply at this time.
